

FIG. 1

FIG. 3

FIG. 4

This exploded perspective view illustrates the assembly of the device. The components are arranged vertically and laterally to show their relative positions and how they fit together. The components are labeled as follows:

- 50**: The base housing or chassis.
- 100**: A top cover or upper housing component.
- 150**: A battery pack or power source.
- 200**: A control panel or display unit.
- 250**: A mounting bracket or support structure.
- 300**: A handle or grip component.
- 350**: A connector or interface component.
- 400**: A set of internal components, possibly a circuit board or sensor array.
- 450**: A lens or camera module.
